

SUPRA ACCESS INSTRUCTIONS IN 4 EASY STEPS!

Great news: We can enter on Supra! We will need the CBS Code. Since we are an **affiliate HAR member**, not a licensed Realtor, there is one extra step for us to enter the property, which is the CBS code.

A CBS code is registered to every Supra box and can easily be obtained through the eKEY app. Follow the steps below:

Note: (We only need the CBS code, changing or reprogramming the supra is not needed for us to access the Lockbox)

1. Select "my keyboxes" from home page of the eKey app.

2. Identify the Supra serial # installed at the property.

3. Select "program keybox" option.

4. You're done! All we need is the **7 digit** code highlighted below.

Do not share your shackle code
